Dear Mr. Brill:

I just wanted to comment to you what happen a few years ago when former First Lady Barbara Bush visited New Orleans. It was few months after the September 11th tragedy and Mrs. Bush arrived early for her return flight home to Texas. She was in one of our VIP areas, while waiting for her flight. She asked to use the restroom while she was there and I showed her where it was. She came out in amazement. She loved the Sanitary Toilet Seat! Mrs. Bush had never seen one like it. She even told one of the female Secret Service Agents to go look at it. She asked if the toilet was one of kind or if it was only in certain areas. When I answered that they were all over the Louis Armstrong New Orleans International Airport, she said that it was a wonderful idea. She left the Airport quite impressed.

On behalf of the Airport and for women everywhere, thank you for the seats! We love them and really are at a loss when we go somewhere and they are not there. If there is anything I can ever do for you, please let me know. It will be my pleasure.

Sincerely,

Gina L. Giarelli
