

April 3, 2014

Mr. Alan Brill
President
Brill Hygienics
601 North Congress Avenue
Building 306
Delray Beach, FL 33445

Dear Mr. Brill:

I want to take this opportunity to congratulate you and your company for such a wonderful, impressionable and much needed product. As you know, we installed the hygienic system in our restrooms throughout our airport in April of 2010. Not only have we achieved an overall cost savings in maintenance, our customers have experienced a better product that has given them a cleaner and more reliable environment in the restrooms. We take pride in our service and providing a more sterile restroom atmosphere is very important to us and it has resulted in many compliments.

We are very happy to have your product in our airport and I know our customers are happy too. Again, congratulations! You and your company are making a difference.

Respectfully,

Ken R. Spirito, A.A.E.
Executive Director
